Sheldon, Kirkpatrick,

25X1A9a

Messrs. [REDACTED] briefed those present on collection and dissemination of Soviet scientific technical information. The Director noted he had asked Mr. Kirkpatrick to have a member of his staff look into these procedures.

Mr. Dulles:

a) Noted that Khrushchev had been making a number of speeches recently and commented it might be worthwhile to publish selected portions. He said he realized that to compile all of Khrushchev's statements would be too long, however, brief mention might be included as to where full statements could be obtained. No decision was made as to who should do this and [REDACTED] undertook to discuss it later with the Director.

c) Referred to the recent report of an imminent coup in Egypt and after some discussion it was agreed that we might have been more "careful" in our comment. The Director said he desired to see prior to dissemination outside the Agency any future reports of this nature. ACTION: [REDACTED]

DD/I 25X1A9a

Noted that in connection with the Exchange Program Under Secretary of State Herter had requested the amount of funds expended by CIA to include FEC and TAF. The Director said he saw no objection to furnishing a general figure of these expenditures to include brief comment on the type of thing we do in this regard.

Colonel White:

Noted his intention of calling Mr. Macy of the Bureau of the Budget and advising him that there had been no change in the stand we had taken in our meeting with Mr. Brundage on 26 November regarding a possible cut in the CIA budget.

25X1A6a b) Noted that Macy had again raised the question of his inspecting CIA
activities [REDACTED] and recommended that
25X1A6a someone from DD/P and the Comptroller's Office accompany him. The Director
25X1A9a said he did not believe Macy should visit [REDACTED] at this time and asked Colonel
White to work out with [REDACTED] who should go along with him.
